Re: Docket Number 98P-0151/CP1

Dear Sir:

The slaughter of "downed animals" for human food should be banned. Animals who are injured or who are so ill that they are unable to stand should be humanely euthanized by injection. They should not be slaughtered for food.

Please immediately grant Docket 98-151/CP1 to end the slaughter of "downers" for the human food supply.

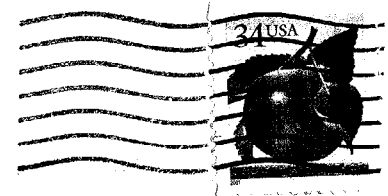

Sincerely,

(Mrs.) Norma Nelson
